

AudioOne

No CD Player? No Problem!

The **USBCD1** or **USBCD2** is a single CD player solution for those vehicles that no longer come with a CD player from the factory. These units will give

you full control of the CD player through the factory radio controls.

\$399

Basic Installation \$99.99. Some vehicles may require additional fees for modifications, extensive labor or additional parts which may be required. See your salesman for specific details about your installation.
